

Friends of Budlong Monthly Meeting Notes

September 19, 2018

Budlong School

Katie Wales (FOB President) opened meeting with who FOB is and our mission statement.
9:10am start time

Introductions: Katy Dailey (Secretary) and Bianca Colon (Treasurer)

Bianca reviewed our financials. Total profit \$19,421. Yobbler updates: profit of \$748

Goals and plans for the 2018-19 year:

Restaurant of the Month

Mother/Son Dance – Katy Dailey and Tammy Chase to Chair

Father/Daughter – Maura Aparicio-Cabrera to be on committee

Spirit Wear Store: Would like parent involvement to run store to allow it to be open more often. Shannan O'Sullivan offered to take some days. Will put Shannon in touch with Kathy Borner and Katie Wales for training.

FOB e-newsletter: A way to get info out to more people. Need someone to take on this newsletter.

We need to have more presence at school functions and community events. We will do a table at curriculum night. Eileen has volunteered. Discussed Apple fest, would need volunteers to do that 2-day event.

Special Event: Parent's only night. Need to work on if/when to have it and where.

DIY Fundraising: This is something we are encouraging and support. Committee happy to give ideas. All welcome to support Budlong with these events.

Impact of FOB: Noami talked about teacher grants and what the school needs. Teachers will submit their requests and a committee will decide who will be awarded the grants this school year.

Biggest expenses are:

- Technology (Chromebook carts is an example. Refresh rates are every 2-3 years)
- Books
- Personnel

Cookbook Update: Laura Saenz provided an update. Need more dessert and drink recipes. She is requesting volunteers to stand outside at school to get more recipes. She has the flyers and forms. Need someone who can help with the printing.

Positions to Fill: We will be voting at our next meeting for Vice President and Treasurer. Katie Wales reviewed the roles. All welcome to put their name in for those roles. We will also be voting in board members.

Other items:

We asked people if mornings or evenings work best for future FOB meetings. Since schedules are different for everyone we will try to alternate am and pm meetings.

We will work on an email distribution list for people to stay updated and to be able to communicate.
