

Dear Parents / Guardians:

We have the opportunity again this year to skate in Kinesthetic Wellness Class, **November 26<sup>th</sup> – December 21<sup>st</sup>, 2018**. This activity is a part of our very unique Kinesthetic Wellness Curriculum and is considered a Life Sport and skill. Students will wear skates provided by the company Skatetime. Students who cannot skate will still attend K.W. class but will work on alternate assignments/research papers to still receive a grade for K.W. We will need official documentation for students that cannot skate.

We highly encourage students to bring their own helmets to school to use while skating in K.W. Class. It is the responsibility of the student to make sure they take their helmet home with them at the end of each skating period. We ask that you also write your child's name on the helmet. Students that do not have helmets will be provided one by the school. Students that wear a helmet provided by the school will have to wear a plastic cap over their hair that will be disposed of at the end of each period, for sanitary purposes. Students will also wear elbow and knee pads provided by the school. Each class will have the opportunity to go skating about 5 to 6 times.

Skating is a positive, unique and enjoyable experience for everyone that we look forward to having your child be a part of.

If you have any questions or concerns, please do not hesitate to contact us at the school.

Sincerely,

*Mr. Gordillo & Mrs. Szyska*
